## CONTINUES IMPROVING

The Condition of Mrs. McKinley Is  
Decidedly Better.

## NO UNEASINESS FELT

The President Leaves Her Lodging  
to Witness the Successful Launching  
of the Battleship Ohio  
in the Bay There.

San Francisco, May 18.—The condition of Mrs. McKinley had changed so much for the better at 10 o'clock this morning as to permit the president to attend the launching of the battleship Ohio, which was accomplished successfully at 12:30 p. m.

The cabinet accompanied the president to the launching and there were many other distinguished persons present, including Governor Nash and party of Ohio, Governor Geer of Oregon, Gov. Murphy of Arizona, a large delegation of congressmen from eastern states, as well as scores of other prominent men from different parts of the country.

While Mrs. McKinley is still very sick there is more hope for her recovery now than at any time since she was taken to the Scott residence.

San Francisco, May 17.—President McKinley described the marked improvement in Mrs. McKinley's condition as a transformation. Perhaps he may have overstated the case in his joy at the prospect of his wife's recovery, but it is certain that Mrs. McKinley's condition is much improved. The sinking spell that was feared before dawn, when physical vitality is at its lowest ebb, did not come. There was a slight tendency in that direction but that was all. The physicians were so favorably impressed with their patient's condition that only Dr. Rixey remained about the Scott residence today.

If Mrs. McKinley's condition permits the president may attend the launching of the battleship tomorrow. If he goes, it will be a hurried trip and he will not be absent from his wife's bedside more than an hour.

Miss Barber, a niece of Mrs. McKinley, will press the electric button which will start the ship down the ways and Miss Deshler, a relative of Governor Nash, will christen the vessel with wine.

It is positively decided that when Mrs. McKinley is able to travel no stops will be made on the trip back to Washington. A little excitement and the participation in any sort of a reception might overtax her strength and the president is determined to take no risk, once she recovers sufficiently to get back home.

The bone felon on her hand has spread and has discharged pus from another place. The wound has been lanced.

### Land Decision Affirmed.

Washington, May 18.—The secretary of the interior has affirmed Land Commissioner Herman's decision in the case of the Kern Oil company against Jacob Clotfeller in the Viscalia, Cal., land district in directing a hearing to determine the character of the land selected by Clotfeller in exchange for lands relinquished for a forest reserve. The scope of the hearing ordered, will include not only inquiry as to the geological formation of the lands, but also as to the discovery and development of minerals on the adjacent lands and their geological formation.

### Pleaded Guilty.

Cincinnati, May 18.—Prentice Tiller and Edward C. McDowell, alias Grant, pleaded guilty to the charge of robbing mail boxes here and were sentenced by United States Judge Thompson to five and three years respectively at hard labor in the penitentiary. It is alleged the men rifled mail boxes in many cities. They were arrested several months ago and while being brought to this city for trial McDowell escaped from the officers at Chicago, but was recaptured at Buffalo two weeks ago.

### Farmers Keeping Sweet Potatoes.

Denison, Tex., May 18.—Farmers living east of this city are marketing sweet potatoes here now that have been kept all winter. The farmers in this country used to buy all their seed potatoes from the north in the spring, believing it impossible to keep them here through the winter. Lessons in diversification have taught the farmers how to keep the potatoes through the winter.

### Wanamaker's Home Burned.

Philadelphia, May 18.—The country home of Thomas B. Wanamaker at Meadowbrook, Montgomery county, was struck by lightning and entirely destroyed. The loss is estimated at \$500,000. The house was adorned with valuable paintings and bric-a-brac, all of which were lost.

## NEW CANAL TREATY.

Draft of Secretary Hay's New Agreement  
Reaches British Government.

London, May 18.—The draft of Secretary Hay's proposals for the new Nicaragua canal treaty has been received from Lord Pauncefoot. It is a voluminous document and is being printed previous to exception and discussion. It is described as a redraft of Hay-Pauncefoot treaty, with what appears from casual perusal to be extensive annotations. Several weeks are likely to lapse before the cabinet can commence preliminary discussions.

Dispatches relative to the possibility of the substitution of the Panama isthmian route are read with interest in Downing street. The Associated Press learns that agents of the British government have not approached the United States should think it advisable to complete the Panama canal, the decision will be hailed with no little satisfaction at the foreign office as being an easy way out of the controversy.

However, British official, without any accurate knowledge of the terms offered by the Panama people, are inclined to the belief that financial and other difficulties will probably prevent the United States from adopting this solution of the affair.

## BREACH AT WEST POINT.

Cadets Rebel Against What They Term  
Too Stringent Rules.

Washington, May 18.—Information of a semi-official nature has been received here from the West Point Military academy of a serious condition of affairs prevailing in the cadet battalion, which amounts to almost an insurrection of a large number of upper class men.

Trouble has been known to exist at the institution since the investigation of the Booz hazing and matters have grown so bad of late that it is reported here that no less than 80 cadets, chiefly of the second or no ranking class, were confined to quarters, and that several, and perhaps a large proportion, might be courtmartialled.

The so-called insurrection is said to have been a result of the growing unpopularity of Colonel Mills, the superintendent, who, army officers allege, has issued orders and prescribed regulations which the cadets believe are entirely opposed to the traditions and best interests of the school.

Adjutant General Corbin says he had not received any report of trouble at West Point, and that he knew nothing of the affair.

## OUR FORCE AT PEKIN.

Only One Company Left There and That  
Merely a Legion Guard.

Washington, May 18.—The instructions issued by General Chaffee under direction of the war department in regard to the protection of American legation at Pekin after the departure of the United States troops from China have been made public at the department. They designate company B of the Ninth infantry as the legation guard and Major E. B. Robertson of that regiment is detailed as commander.

Major Robertson's attention is especially invited to the fact that the troops under his command are stationed in a foreign country with which the United States is on terms of friendship. The guard must therefore not be used aggressively unless in defense of the American legation or property of American citizens in its immediate vicinity. The guard will repel attacks made by Chinese on the American legation or its own position and if necessary to do so, may fire upon the assailants. It may co-operate with other foreign troops for the defense of the legations in event of an attack being made on the same by Chinese forces.

## HOME FOR LEPERS.

Louisiana Citizens Object to Ground  
Selected on the Mississippi.

New Orleans, May 18.—The projected establishment of a leper's home in the parish of Jefferson on the river some 15 miles above New Orleans, has thrown the residents of the parish into a fever of excitement. For some months the leper board, established by the state, had been looking for an available location to which to remove the lepers who are now held in a home at White Castle, 100 miles above New Orleans, and securing an option upon a large plantation in Jefferson parish, went quietly about the purchase of it. The deal was closed a week ago and a few days later the news leaked out.

The citizens of Jefferson parish at once took measures to prevent the establishment of the home in their neighborhood and have entered a protest with Governor Heard. If this fails they openly announce their intention to prevent the establishment of the institution by force of arms.

## Remy Going to Auckland.

Washington, May 18.—A cablegram received from Admiral Remy, at the navy department, announces that he

will soon leave Melbourne for Auckland, N. Z., where the Brooklyn goes at the invitation of the colonial government. The length of Admiral Remy's stay is uncertain, depending upon the programme which has been arranged by the local authorities.

### No Concessions at Dayton.

Dayton, May 18.—Not one concern in Dayton has acceded to machinists' demands. Thirty-five hundred men are out of work. The carpenters' strike is practically complete.

### Will Build Salt Works.

Palestine, Tex., May 18.—The Palestine Coal and Mining company's directors at a meeting decided to erect salt works at their mines, five miles from the city, with a daily capacity of 1000 barrels. They will also establish kilns for the extensive manufacture of lime.

### City Marshal Resigns.

Frost, Tex., May 15.—At a meeting of city council City Marshal Y. J. Harrington resigned, and W. H. Smith was appointed to fill his unexpired term.

SUNDAY, MAY 19, 1901.

Up to May 1 there had been dug at Corsicana 1038 wells—695 yielding oil, 228 dry and 214 abandoned.

The sum of \$60,000, representing part of his profits in oil, has been donated to the Baylor University at Waco, for the erection of a science building, by George W. Carroll of Beaumont.

All railroads will give for Farmers Congress the following rates: From points within 100 miles, one and one-third fares for round trip, not to exceed \$3.30. From points over 100 miles, one fare plus 10 per cent. Tickets for sale July 22d, 23d and 24th, limited to leave College not later than July 27th.

Dr. Forward, President of the Forward Reduction Company, with his attorney from New York, have been at Austin investigating the Texas laws affecting corporations, and says they are well pleased with them; that they are just to the people and liberal to the corporations, and the company controlled by Dr. Forward has already begun the operation of removing one of their largest oil refineries to Beaumont.

The Eagle has received a copy of the "U. C. V. March." It was composed by Theo. H. Northrup and is published by O. K. Houck & Co., of 359 Main St., Memphis, Tenn., and 309 Main St., Little Rock, Ark. It is unquestionably a composition of the highest order and one of the most stirring military marches of the decade. The opening theme is well conceived and leads into a trio that is exceptionally brilliant and original. The final is a magnificent movement written in the true march style.

### STILL A MYSTERY.

No Further Clue to the Death of Father Phillips Has Been Found.

New York, May 18.—The mystery surrounding the death of Father Phillips is still unsolved. Coroner Bausch has committed Kirk Stanley to the Tombs in default of \$10,000 to await the result of the autopsy. In a talk with Coroner Bausch, Stanley said he met Father Phillips while talking to two girls; he joined the party and invited them to his rooms, that while they drank until the girls left and that afterwards he and Phillips were sick, but recovered after taking some medicine that Phillips had with him.

Stanley denied that he knew the girls and when asked if one of them was not his wife, said: "That's a lie. She was not there at all."

At the conclusion of the autopsy Coroner Bausch said:

"A complete autopsy was made by Dr. O'Hanlon and it shows no marks of violence, no fracture of any kind and no hemorrhage of the brain. The conditions of the organs of the body would indicate that death was due to chronic nephritis and fatty liver. About a drachm of dark fluid was found in the stomach, the character of which cannot be determined except by chemical analysis. Owing to the suspicious circumstances attached to the case it was decided a chemical analysis should be made of the organs which will be sent to Prof. Witthaus. The matter now rests with the district attorney and the supreme court. Without their sanction it cannot be made."

Assistant District Attorney Carvin said that he agreed with the coroner that an analysis of the organs would be made and said the district attorney's office would use the analysis.

### NEGRO SUFFRAGE.

Senator Morgan of Alabama Not Changed in His Views Before Election.

New York, May 18.—Senator Morgan of Alabama is as outspoken in his opposition to negro suffrage in Alabama now, says a Washington special to the New York Times, as he was when he began his campaign for reelection in the senate. In an interview lately in speaking of the coming constitutional convention and what it will do, he said:

"There is not the shadow of a doubt that without doing violence to the fourteenth and fifteenth amendment to the United States constitution, the ignorant, irresponsible, incapable and unpatriotic element will be deprived of the power to participate, to its detriment in the administration of the affairs of the state. And by this action true liberty and republican institutions will be better strengthened and restored to the full character of manhood."

### TYPEWRITERS BARRED.

Turkish Government Prohibits Their Use and Those There Returned.

Constantinople, May 18.—The customs authorities have prohibited the entry of typewriters into Turkey and 200 machines now in the customs house have been ordered returned to the consignors. The authorities have taken up a peculiarly characteristic attitude that there is no distinct feature about typewriting by which the authorship could be recognized or the person using a machine be traced and consequently any one is able to put in typewriter seditions writings without the fear of compromising himself. Hectographic paste and fluid are also prohibited for similar reasons.

Embassies are making representations on the subject with a view of inducing the Turkish government to take a more reasonable attitude.

### Smallpox at Cape Nome.

Washington, May 18.—Assistant Surgeon Moore of the marine hospital service has been ordered to Cape Nome with a liberal supply of vaccine virus, on account of the reports of smallpox from Alaska, and Assistant Surgeon Fox has been directed to go to Sitka for the purpose of a general consultation upon the subject with the governor of the territory. Advice received here are to the effect that the epidemic is confined largely to the natives.

### Carpet Combine in Formation.

New York, May 17.—It is stated that leading manufacturers of carpets have been approached with a view to forming a consolidation and that a conference has been called to be held in the early part of next week. It is understood that the E. S. Higgins Carpet company is actively interested in the deal.

### THE STRIKE SETTLED.

Agreement Reached Between Strikers and Traction Company.

Albany, May 18.—The street railway employees' strike, inaugurated 11 days ago on the lines of the United Traction company in Albany, Troy, Cohoes, Rensselaer and Watervliet, is at end and operations on entire system were resumed at noon today. There were concessions on both sides in the settlement and an agreement reached at the conference at which both corporation and operatives were represented, under which it will be possible to avoid strikes in the future.

Albany, May 18.—No settlement had been reached late last night in the street railway strike. After hours of conference the officials of the United Traction company and the committee from the strikers adjourned without changing the situation. The company says it will run its cars today on every line within the city limits with the aid of a military force that now number 3000 men.

The only step toward settlement is the appointment of a committee of arbitration from the city council and the adoption of a resolution declaring that if a settlement is not effected by Monday the council will revoke the franchise of the company.

The company declares that such action will be of no effect as the road now has a vested right that cannot be taken from it.

No settlement has been made so far because the company refuse to discharge the men brought from other points to take the strikers' places. This is a new phase of the difficulty, and promises to develop far more serious complications. It is a matter which had not been considered by the strikers or the public and puts an entirely new aspect on the situation.

The company, it is said, is willing to increase the wages of the extra men and night trippers to 15 3/4 cents per hour, but refused to establish a uniform rate of 20 cents an hour for all employees as requested by the strikers.

There was no repetition of former scenes of disorder and turbulence yesterday that have marked other days of the strike. There was the same strong show of military strength.

### BACK FROM MANILA.

Brigadier Generals Grant and Bates Reach San Francisco on Sheridan.

San Francisco, May 18.—Brigadier Generals Fred D. Grant and J. C. Bates arrived from Manila on the transport Sheridan. General Bates does not believe he will be sent back to Luzon. It is expected he will be placed in command of the department of the Missouri.

Among the passengers of the Sheridan is Calvin P. Titus, musician of company E, Fourteenth infantry, who was the first to scale the wall of Pekin when the allied forces attacked the Chinese capital. Titus received a special appointment to the Annapolis naval academy by President McKinley and is on his way to that institution.

Edward Carson of the signal service, whose bravery was rewarded by the president appointing him to West Point, is another passenger.

### Southern Presbyterian Assembly.

Little Rock, May 18.—The Southern Presbyterian assembly today sent greetings to the general assembly at Philadelphia and to the Cumberland

Presbyterian general assembly at West Point, Miss.

The ad interim committee on invalid fund recommended a separate executive committee be created to take charge of caring for disabled ministers and needy families of deceased ministers. The report was referred to a special committee with instructions to report Tuesday next.

Two minority reports were presented from the ad interim committee on the graded system of Bible study. Both argue that the present international plan is unsatisfactory. No final action was taken by the assembly.

### Time Set for Debate.

Philadelphia, May 18.—Contrary to expectation the Presbyterian general assembly did not discuss the report of the committee on revision of faith which was presented to the commissioners today. The minority report was also laid before the assembly and the assembly and the question will not come up next Thursday for hearing and consideration of their report of the special committee on revision of confession of faith. Thursday and Friday has been set aside for the discussion, as it is considered the debate will consume at least two days' time.

### Coal for Mexico.

Birmingham, Ala., May 18.—The Tennessee Coal, Iron and Railroad company has made a contract with the Mexican Central railway to supply it with 150,000 tons of coal, the delivery to cover a period of several months. The coal will be taken to Pensacola by rail and will go thence to Tampico, Mex., by boat. The order is the largest single export contract ever booked in Alabama.

### The Sale Denied.

Copenhagen, May 18.—It is officially announced that the Danish West Indies have not been sold. Negotiations are progressing on matters of detail, but it is not likely that the treaty will be concluded before the reichstag and congress meet. The report out was that the islands had been sold to the United States for \$4,000,000 and that the Danes are to trade under the same tariff as Americans.

Dr. H. L. Fountain gave an X-ray party at his home one evening the past week and the writer was one of a number present. The Doctor is an expert in manipulating the wonderful machine and he has a very fine one. All sorts of tests were made—looking through the arms, hands, feet and head, the bones, heart and brain being discernible. A bunch of keys were plainly seen in a thick book and a dollar behind a heavy board. In fact there seems no limit to the power of the Roentgen rays. These tests over, a great deal of fun was afforded by different persons sitting in a chair and having their bodies charged with electricity until every hair stood on end and gleamed with unearthly light in the darkness. The same light glowed upon the collar and sleeve ruffles of the ladies and upon the tips of their fans and the bottom of their skirts. Contact, direct or otherwise, with the person so charged, produced a distinct shock and popping flashes of electricity. Those present were greatly indebted to Dr. Fountain for the novel pleasures afforded.

### GREEN'S PRAIRIE.

Green's Prairie, May 14.—Dry weather and boll weevils is the topic of the day among the farmers, sometime ago oil was all the talk, but the boll weevil scare now is too great to talk oil.

Some of our people are done chopping cotton and some are just commencing. I heard one man say he was going to wait and see if the boll weevils would't chop his cotton for him.

Crops are looking fine in this community, however a little rain would improve things.

Miss Lula Pate and Mr. Lon Williams of Bethel visited friends and relatives in our community Saturday and Sunday.

Several of the young people attended the musical entertainment given by Mr. and Mrs. S. I. Lee of Rock Prairie last Saturday night.

## The Philippine Commission Is Establishing Civil Governments.

Vancouver, B. C., May 16.—According to advices from the orient per the steamer Empress of India, the Philippine commission has accomplished a great amount of important work in the southern islands, where the insurrection is almost forgotten. Trade is being developed and people are prepared for civil government. Even the conservative Moros and Sulu and Mindanao are finding out the Americans are good customers and communication has been established in places where outside intercourse was impossible under the Spanish rule. As the commission visited the various American garrisons in the Mohammedan country, sultan datus is described as coming long distances to meet the representatives of American civil rule. Several of the Pagan tribes living about the volcano of Mount Apo came to give testimony before the commissioners. The commissioners were scheduled to return to Manila about May 7, after which to organize the province of northern Luzon. It is stated that about the beginning of July the central civil government will be established in Manila, Judge Taft as governor and the legislative council composed of Americans and Filipinos.

## CARNER RESIGNS.

His Resignation Will Simplify the Adjustment of Venezuela Affairs.

New York, May 16.—Ambrose Howard Carner, managing director of the New York and Bermudez Asphalt company, who has for a long time been local manager of the National Asphalt company's interests at Bermudez Lake, Venezuela, is reported to have resigned. It is said that this is likely to greatly simplify the adjustment of the troubles in Venezuela growing out of rival claims to certain deposits.

In January, Mr. Carner arrived here from Venezuela leaving the works in charge of Captain Malcolm Rafferty, who has been long identified with the company. Captain Rafferty, it is said, will succeed Mr. Carner as manager in Venezuela. Two weeks ago Mr. Carner went to Trinidad and after his arrival there he wrote to a friend in this city that he had resigned.

Neither General Avery D. Andrews, president of the National, nor Thomas H. Thomas, president of the New York and Bermudez company, would confirm or deny the report.

## Want Dole Ousted.

San Francisco, May 16.—F. W. Beckley, vice speaker of the lower house of Hawaiian legislature, who has arrived here from Honolulu, is the bearer of a resolution adopted by the legislature, which asks President McKinley to remove Governor Dole from office. R. W. Wilcox, Hawaiian delegate to congress, is accompanying Mr. Beckley on his mission to Washington, and says he will lend his voice in support of the home-rule legislators, although disclaiming any official connection with the attempt to have Dole ousted from the gubernatorial chair. The home-rule envoys had Samuel Parker for a fellow passenger on the trip from Honolulu. Parker, who was defeated by Wilcox for the office of delegate to congress, will convey to President McKinley a voluminous document that tells the other side of the story of political troubles in the islands.

## A New Ultimatum.

New York, May 16.—A new ultimatum has been issued by the Mason Builders association to the bricklayers' union. At a brief meeting of the association it was decided to extend until Friday the time of the ultimatum to shut down unless all strikes are declared off, which was to go into effect at once. This action, it was explained, was taken in order to give the bricklayers no excuse for saying that they did not get fair notice.

## Willing to Accept.

New York, May 16.—General Daniel E. Sickles is willing to be elected commander-in-chief of the Grand Army of the Republic at the national encampment to be held in Cleveland, O., in September. A. G. Petersen of St. Louis, is sending out a circular letter asking veterans for their support of General Sickles for the office.

## Blacklisting Is Legal.

Chicago, May 16.—In the superior court here Judge Baker decided it was legal for the employers to maintain a blacklist. The ruling was in the case of Annie Condon against Libby, McNeil & Libby, Armour & Co., and other stock yard packing firms.

## Eagles in Session.

San Francisco, May 16.—Reports of officers of the Grand Aerie of Eagles now in session, show the order to be in a flourishing condition. For a meeting place of the next Grand Aerie there is a keen competition between Dallas, Tex., Atlantic, N. J., Denver and Omaha.

## Morgan Returns to Paris.

London, May 15.—J. Pierpont Morgan has left here for Paris. At his London headquarters it is stated no one there has any definite information as to Mr. Morgan's future movements.

## TEXAS NEWS.

### Funeral of Dr. Burleson.

Waco, Tex., May 16.—The funeral of Dr. Rufus C. Burleson was a most extraordinary demonstration of respect to the venerable educator and preacher. The procession was divided into three columns, which moved from the auditorium to the cemetery on three parallel streets. All the business houses and schools in Waco remained closed during the funeral. Banks, stores, wholesale and retail, factories and saloons locked their front doors and employers and employees attended the funeral. The auditorium was densely packed and hundreds who could not get into the crowded building waited outside and joined in the march to Oakwood.

During the time the body lay in state 5000 people filed past and took a last look at the dead. Flowers were contributed by the wagonload. A stirring feature of the procession was the presence in the center column of the young lady pupils of Baylor in snow white dresses, carrying garlands of flowers which they placed upon the grave after the burial.

It was announced by the trustees that Dr. Burleson's salary as president emeritus would be paid to the surviving widow.

### Poisoning Boll Weevils.

Brenham, Tex., May 16.—The boll weevil situation in this section of the country presents some reassuring features. Deputy Tax Assessor Teague witnessed some experiments in poisoning them on a farm near town. He says a solution of paris green and molasses was used on a small plot of ground and on examination of the cotton plant a few hours after the application was made the insect was found to be dead. Joe Root of Chappell Hill says he witnessed an exodus of the weevil Sunday. They went north in clouds and he inspected a cotton field where they were very numerous before the flight and found only a very few of the pests remaining. In view of these facts there is a better state of feeling, both among the farmers and the business men.

### Kentucky Orator Wins.

Austin, May 16.—The eleventh annual contest of the Southern Oratorical association took place Wednesday night in the auditorium of the University of Texas. The last contest was held at the South Carolina University and Texas won second place. Governor Sayers presided and the judges were Chief Justice Gaines, A. W. Terrell, former minister to Turkey and Attorney General Charles K. Bell. The first prize was awarded to Robert Moss of Kentucky.

The association after selecting Lexington, Ky., as the next place of meeting, elected the following officers: Ward Russell, president; J. B. Dibley, Texas, vice president; Mr. Lyeon, Kentucky, secretary and treasurer.

### Irish Potato Crop.

Sherman, Tex., May 16.—J. M. Plangman, one of the most extensive potato raisers in north Texas, says: "There is in a radius five miles of Sherman not fewer than 2000 acres of Irish potatoes. It is my opinion the recent rains have helped the crops until their yield will be fully 75, maybe 100, bushels per acre, or a total of 150,000 to 200,000 bushels. What the raisers most dread is that there will not be a sufficient number of wholesale buyers in Sherman."

### To Rebuild Salado College.

Salado, Tex., May 16.—A mass meeting was held here to consider rebuilding Salado college, which was burned last Saturday morning. It was decided that a suitable building would be built and ready for the opening of the fall term of the Thomas H. Arnold high school, which will remain here under the same management as in the past. Over \$4000 was raised to rebuild.

### Seven Stores Burned.

Rice, Tex., May 16.—Seven store buildings were burned here Tuesday. The Ennis fire department came in response to a summons, but because of a lack of water it could render no service. The loss is estimated at \$10,000 and the insurance at \$6000.

### Binders Are at Work.

Clifton, Tex., May 16.—Notwithstanding the complaint of dry weather in this section, these black Bosque Valley lands stand drouth remarkably well and the present outlook for a grain harvest is not bad. A fair crop of oats and wheat will be harvested.

### Accumulation of Counterfeits.

Austin, Tex., May 16.—State Treasurer John W. Robbins will soon send to the United States treasury at Washington \$1774 of counterfeit money, which is the accumulation of the past 30 years in that department. The bogus money will be destroyed.

### Securities Deposited.

Boston, May 16.—About 99 per cent of the securities of the Kansas City, Fort Scott and Memphis and the Kansas City, Memphis and Birmingham railroads have been deposited with the Old Colony Trust company under the purchase offer of the Pierce syndicate and the purchasing committee has consented to received the other 1 per cent outstanding. The money to purchase the securities reaching \$1,000,000 will be distributed at once.

### Morrissey Grand Master.

Milwaukee, May 16.—P. H. Morrissey of Bloomington, Ill., has been elected grand master of the Brotherhood of Railway Trainmen without opposition. Others elected are as follows: First vice grand master, W. G. Lea of Lawrence, Kas.; second vice grand master, T. R. Dodge of Chicago; third vice grand master, Val Fitzpatrick of Columbus, O.

## FATHER PHILLIPS KILLED.

His Decomposed Body Found in a House in New York City.

New York, May 17.—The body of the man found late Thursday night in the house on Ninth avenue has been identified as that of Rev. Edward S. Phillips, of St. Gabriels church, Hazleton, Pa., who recently had a conference with J. P. Morgan in reference to the threatened strike in the iron and coal regions of Pennsylvania, and who, it is said, settled the strike.

Decomposition had advanced so far when the body was discovered that a cursory examination could not sufficiently reveal the cause of death and an autopsy will be held.

Father Phillips had been away from home in Hazleton, Pa., for two weeks on vacation.

The police working on what may prove to be murder, placed Kirk Stanley, a message operator in whose rooms the body was found, under arrest as a suspicious person.

Stanley was subjected to rigid examinations and it is said has told conflicting stories.

The police are searching for a woman known as Stanley's wife. They say this woman left the house on Ninth avenue on May 9 and has not returned. Father Phillips disappeared on May 8. Stanley was arraigned in the police court and remanded to the custody of the coroner. He refused to make any statement in court.

## EXPLANATION NEEDED.

German Reason for Firing on Ewo Not Satisfactory to British.

London, May 17.—The Ewo incident at Tien Tsin May 4, when some German soldiers guarding a German bridge across the Pei Ho, at the south end of the British concession, fired on the British tug Ewo, wounding two of her crew, after the vessel had touched the bridge which impeded river traffic, is assuming a grave character. Owing to the unsatisfactory nature of the German commander's explanations, the matter has been referred to the British minister at Peking, Sir Ernest Satow, with a view to diplomatic action being taken.

According to a dispatch from Peking to the London Times after two of the Chinese crew had been mortally wounded, the remainder were arrested, taken to the German prison and there fogged.

General Lorne Campbell then asked General Von Lessel for an explanation for "such an unwarrantable act of brutality."

Von Lessel's reply which has just been received promising that the incident will not be repeated, at least, so far as the use of arms are concerned, is regarded as quite inadequate.

## AGUINALDO INTERVIEWED.

He Declines an Expression as to Some Important Laws of Philippines.

Manila, May 17.—Aguinaldo in an interview with a correspondent of the Associated Press expressed the opinion that the American government of the Philippines, in order to be unquestionably satisfactory, should conform strictly to the constitution. When asked whether he considered the Filipino capable of exercising all privileges guaranteed by literal interpretation and application of the constitution he declined to express an opinion. As to the political and commercial future of the archipelago Aguinaldo was reserved. He said he hardly had time to discuss it while in what he considered to be captivity.

Military officials say he is kept guarded principally for his own protection. Aguinaldo says he knows of no enemies, needs no protection and is willing to go out unattended if permitted to do so. He is pleased with the municipal law conferring full local self government.

Concerning the provincial law of which the governor is the only elective officer, Aguinaldo was uncommunicative.

### Edwin F. Uhl Dead.

Grand Rapids, May 17.—Edwin F. Uhl, former assistant secretary of state, and ambassador to Germany under Mr.

EDWIN F. UHL.

Cleveland's administration, died at his home here.

### Walderssee to Leave Peking.

New York, May 17.—A dispatch to the Journal and Advertiser from Peking says unless something unforeseen occurs Field Marshal Von Walderssee will return to Europe in June, probably by way of the United States.

### Charged With Embezzlement.

Philadelphia, May 17.—G. B. Whitney, a former manager in this city for the Morris Beef company of Chicago, has been arrested on a charge of embezzlement of \$10,000. It is said that he has made a confession.

## AUSTIN MATTERS.

Record of the Senate on Bills—Big Fee for Filing Charter.

Austin, May 17.—Mark Goodwin, journal clerk of the last senate, has completed and placed in the hands of the printer for publication the official corrected journal of the regular session of the last senate. The volume shows there were 305 bills introduced in the senate. Of this number, 109 died on the calendar, 81 died in the house, 46 died in committees, 1 was vetoed, and 1, by Mr. Lipscomb, providing for the extension or corporate limits of any town or village incorporated for the free school purposes only, died in the enrolling department. It lacked five lines of being enrolled when the time for final adjournment arrived. Of the whole, 67 were introduced by the governor.

Of the bills sent by the senate to the house, 67 were passed, 67, or about 45 per cent.

In contrast with the above, the house sent to the senate 119 bills, of which 100 were passed, or 84 per cent. Fifteen died on the calendar and four in committees.

Out of the 119 house bills sent to the senate, 27 were road bills and about 23 local court bills.

The house journal clerk has not finished his work.

### Texas' Largest Corporation.

Austin, May 17.—The largest domestic charter ever filed in Texas was brought here yesterday morning by Judge R. A. Greer of Beaumont, and was approved by Secretary of State John T. and placed on record in that department. It is that of the J. M. Guffy Petroleum company, and its capital stock is \$15,000,000. Its purpose is to prospect for, develop and market oil. In connection with this work the corporation will operate a large oil refinery.

It is intended that this company shall absorb all the interests and holdings of the J. M. Guffy company, which embrace in addition to extensive oil land holdings, six large producing wells. This amalgamation has not yet taken place.

Mr. Greer says that all of the capital stock of the new company is paid in, in cash. The company owns in fee simple title to exactly 1,000,000 acres of land, all of which excepting about 100,000 acres located in Texas, and on which oil indications are found.

The fees for filing to the state amounts to \$2500.

### Forfeited School Lands.

Austin, May 17.—The state treasurer has completed and furnished the land commissioner the regular annual list of those who have forfeited their purchases of school land for failure to pay interest prior to Nov. 1. There are about 600 forfeitures, but it is expected that it will dwindle to about 200 before the land commissioner posts the books and publishes the forfeitures. Payment of interest before publication, which is the actual forfeiture, reinstates the claim and places the account in good standing. It may be several months before the list is published.

### Forfeited Charters.

Austin, May 17.—The records in the department of state show the charters of 617 domestic and 85 foreign corporations were forfeited for failure to pay franchise tax. Of the domestic corporations 51 were charters of oil companies and of the foreign corporations 5 were those of oil companies and more than 20 were mutual insurance companies.

### Drowned in Red River.

Denison, Tex., May 17.—News reached here from Bear's Ferry, seven miles north of town, of the drowning of Matt White, a negro, and a white man. The men were endeavoring to get a cable or some other wire out of the river and were capized in the swift current. The white man disappeared at once, but the negro swam bravely to the shore. He reached it easily, but where the bank was so steep and yielding that he could not get up and finally sank under the water from sheer exhaustion.

### Texas Wool for Texas Mill.

Sulphur Springs, Tex., May 17.—The Hopkins County Wool Growers' association sold its spring clip of wool here to the Pittsburg Textile Manufacturing company of Pittsburg, Tex., for 14 cents. There were about 20,000 pounds. T. F. Gafford, who had been secretary since the organization, having moved from the county, resigned, and I. M. Dawson was elected secretary.

### Big Peach Crop.

Jacksonville, Tex., May 17.—Never before has this section of the country had a better prospect for a large and profitable peach crop than now. According to a conservative estimate made by prominent local peach growers, during the coming season there will be shipped from this point and adjacent territory more than 300 cars of peaches.

### Killed by a Train.

Taylor, Tex., May 17.—An unknown man was run over and killed on the International and Great Northern railroad about four miles east of here. His body was horribly crushed and there is no clew to his identity.

### Murray Cecil Convicted.

Dallas, May 17.—Murray Cecil, a negro, charged with the murder of Joe Gwynn in this city last summer, was convicted in the criminal district court and the punishment assessed at life imprisonment.

### Oil in Twenty-Three Feet.

Woodville, I. T., May 17.—In boring for a well in the rear of his house Rice Buckley struck oil at 23 feet. The find occasioned considerable excitement here. Mr. Buckley has refused an offer for option on his lot, which is located in the heart of the townsite of Woodville.

## PARKS & WALDROP,

Mens' Outfitters.

The annual concert of the Colored High School, was held Thursday night at the school auditorium. There was in attendance the largest and most appreciative audience ever present at any previous concert and the program rendered was pronounced by those in attendance as being the best of the kind ever witnessed at this auditorium.

R. H. Haltom of Benchley was here yesterday and reported the boll weevils ravaging his cotton between Benchley and the Little Brazos river. He says the eggs are deposited on the leaves and the pests are large enough to destroy the squares as soon as they form.

Manager John B. Mike informs the Eagle that he has booked the Southern Concert Company, which is said to be the same company which played College last season under the name of the Texas Quartette, for an appearance here on the evening, Thursday, May 30. Mr. Mike says the company is the same which gave a benefit at Houston for the Jacksonville fire sufferers, and was highly complimented by the press of that city. The company carries a first-class piano, which will be shown here before the date of the attraction.

Col. L. L. Foster, president of the A. and M. College, authorizes the statement that there will be no summer normal and summer school at the college this summer owing to the fact that the vacation will be employed in putting in improvements, among which will be a new light plant, and no lights will be available for those who would attend the normal. This explanation is made in reply to numerous letters of inquiry Col. Foster has received.

H. L. Wilson of Tabor called on the Eagle yesterday and brought with him a cocklebur with twenty or thirty grown green burs on it. The root was not killed during the winter and it put out and developed rapidly when warm weather came.

George Echols of the Providence neighborhood was in town yesterday to make up a fund to be deposited with responsible parties to pay 10 cts per hundred for all the boll weevils caught and brought to town to be destroyed.

Swift's Premium Brand Hams, Breakfast Bacon and Lard are the best that can be bought, all first class grocers have them for sale; when you order insist on having Swifts Premium, they are cured mild and are delicious. 139tf

## SOUTHERN PROGRESS.

The Oil Fever Extending to Other Southern States.

## MORE PLANS ON FOOT

They Include the Development of the Mineral and Coal Fields, Establishment of Woodworking and Other Enterprises.

Baltimore, May 18.—Though the situation in the Beaumont oil field has lost much of the speculative excitement of the past month, the effect of the discovery there in January has not passed. Boring is steadily continued, not only in the Beaumont field, but in other parts of Texas and in Louisiana, while interest is possible oil deposits in Arkansas, Tennessee, Alabama, Missouri and Virginia has been increased. Among the latest developments of the kind is the expectation of developing oil deposits not far from Richmond, Va.

Paralleling the activity in this search for oil are projects for developing other deposits in the South. Among the latest reported is a plan for a Georgia company to establish near Little Rock, Ark., a plant for the conversion of beaunite into aluminum; the incorporation of a gas and mineral company to develop oil, gas and mineral lands in the same state and the opening of new mines at Fort Smith, Ark., so as to give it an output of from 900 to 1000 tons of coal per day. In Kentucky a new mine is being opened near Black Raven, a company will develop a mine at Sturgis, 75 acres of lead lands in Franklin county are to be developed by Lexington parties, 3000 acres of mineral lands in Pulaski county will be developed by a company just incorporated, and a company has been chartered in Columbus, Ind., to operate in 2000 acres of lead and zinc lands in Owen county.

Woodworking is also steadily advancing. The Adams Lumber company has been chartered for the manufacture of sash, doors and blinds at Natchez, Miss. It has been definitely decided by the Memphis Furniture company to erect a factory at Shreveport, La. At Ruston, La., a wagon factory will be built. The Strong Lumber company of Bristol, Va., has increased its capital stock from \$300,000 to \$500,000. At Norfolk, Va., a company has been incorporated to manufacture lumber, laths and shingles. Timber lands near Tallahassee, Fla., near Hamburg, Ark., and near Homer, Ga., will be developed. The Mockville (N. C.) Chair company will increase its capital from \$7500 to \$10,000 and will erect a factory with a capacity of about 200 chairs a day. The manufacture of furniture will be added to the operation of the bobbin and reel factory at Rural Hall, N. C., and a \$80,000 barrel factory is planned for Winona, Miss., and one for Way Cross, Ga.

The utilization of southern streams for the development of electric lighting and power is extending. Work is progressing steadily at the water power plant at Tallahassee Falls, 30 miles from Montgomery, Ala., and it is expected that power for manufacturing and traction will be furnished that city within a few months, the plan contemplating a harmonious of steam power and water power as generators. A franchise has been granted to develop the water power of Elk river for the purpose of generating electricity for Tallahassee and Manchester, Tenn.

### AMERICAN COAL

It Will Displace Welsh Coal for the Japanese Navy.

Washington, May 18.—There can be no doubt that the United States steam coal will soon take the place of the Welsh product to a large extent as the fuel for the navies in the east, according to a report of the British consul at Nagasaki, an extract of which has been transmitted to the state department by United States Consul Lyons at Hogo. This American coal, according to the British consul's report, at first was received with disfavour in Japan, but upon trial proved eminently satisfactory, and is now only about two-thirds the price of Cardiff coal, and practically just as satisfactory, economy, if nothing else, should bring about the result anticipated.

### NEW HEARING.

Some Small Land Dissection by Acting Secretary of the Interior Ryan.

Washington, May 18.—The land in the head of the Lynn canal, in Alaska, on which Hengsey is located, is involved in a decision of Acting Secretary of the Interior Ryan, deciding a new hearing in the case of Price and others against Edmund Moore, in the Alaska local land office.

Moore claims title under the trade and manufacture act, under which title to public lands in Alaska may be acquired, and asserts he was then occupying the land until the gold excitement brought adventurers who directed him of possession and established the town of Skagway. The townspeople claim that Moore is not acting in good faith.

### Report Denied.

Denver, May 18.—The statement that the Denver and Rio Grande railroad had acquired a one-half interest in the Colorado Midland by the purchase of the Rio Grande Western road is authoritatively denied.

## TEXAS NEWS.

Woman and Man Dead.

Wills Point, Tex., May 18.—T. O. Ellzey of McComb City, Miss., after killing the woman with him, either shot himself or was shot to death near Elmo. He was stopped by officers who attempted to serve the warrant of arrest when he shot the girl and opened fire on the officers. The officers returned the fire. After the smoke had cleared away the man was found dead. Ellzey is said to have a wife and several children at McComb City and left them three weeks ago. The girl with him appeared to be about 19 years of age.

Cotton Belt Branching Out.

Austin, Tex., May 18.—It was learned here on authority that is absolutely reliable that the St. Louis Southwestern Railroad company has just closed a deal for the purchase of the Gulf and Inter-railway. The object of the St. Louis Southwestern in acquiring this railway is to obtain for itself an inlet into the Gulf of Mexico. The present southern terminus of the St. Louis Southwestern in East Texas is at Lufkin. It is proposed to build two connecting lines via Beaumont to tap the Gulf and Interstate.

Overpowered the Guard.

Eastland, Tex., May 18.—Joe Parker, Joe Hunt and Ben Fox, county convicts, overpowered the guard, taking his pistol and keys away from him and made good their escape. Parker and Hunt are under a \$500 bond each to appear at the June term of the district court on a felony charge.

In a Fit of Insanity.

Laredo, Tex., May 18.—Major J. S. Penn, proprietor of The Daily Times, mortally wounded W. R. Pace of this city, vice president of the Texas Real Estate association. He then killed himself. He was undoubtedly laboring under a fit of recurring insanity. The deceased was a brother-in-law of the late Governor Ireland and was well and favorably known throughout the state.

San Angelo Wool Receipts.

San Angelo, May 18.—There have been received to date by the four commission houses here 6877 bags of wool, aggregating 1,375,400 pounds.

Smallpox in Lamar County.

Paris, Tex., May 18.—Smallpox has appeared in two families at Oak's Ferry on Red river.

Secretary Gage's Wife Dead.

Washington, May 18.—Mrs. Gage, wife of Secretary Lyman Gage of the treasury department, died at her residence here Friday evening, after an illness of nine weeks' duration. For a time before her death, Mrs. Gage suffered

MRS. LYMAN J. GAGE.

considerable pain, but she maintained her bright and cheerful demeanor and was conscious to the last. Heart trouble, the result of grip complications was the immediate cause of death. Mrs. Gage was a native of Albany, N. Y., and 58 years old. She was married to Secretary Gage in Denver, Col. in 1867. There were no children from their union.

Arrested for Murder.

Jackson, Miss., May 18.—A. P. Brady has been arrested here for the murder of William Dinsmore, near Coleman, Tex., 23 years ago. He expressed no surprise when arrested and agreed to accompany the officers to Texas without requisition. A detective located Brady and caused the arrest.

Acquitted of the Charge.

Galveston, May 18.—Thomas Turnley, a well known man of this city, was acquitted of the charge of the murder of Harry Sheehan. Sheehan was shot in this city on the night of June 1, 1899, and shortly after the shooting young Turnley was arrested charged with the murder.

Captain Evans Dead.

Charleston, May 18.—Captain James Evans, one of the three remaining members of the crew of the Confederate cruiser Alabama, died here Friday morning. Evans was in the fight off Cherbourg. Since the war he has been a pilot at Charleston.

Will Enforce Payment.

Tangier, May 18.—Two French cruisers have arrived here to enforce the payment of indemnities for the murder of a Frenchman, Kebdala. They will proceed to Mazagan and remain there until a settlement has been reached.

Hunt Was Convicted.

Ardmore, I. T., May 18.—Jim Hunt, the slayer of Sam Smith, was convicted in the federal court at Pauls Valley. The verdict was manslaughter. Smith formerly resided here. The killing occurred at Sulphur Springs.

Drank Carbolic Acid.

Cuero, Tex., May 18.—Willis Josey DeMoss, a bright and popular young lady of this place, committed suicide by drinking carbolic acid. She left several letters, the contents of which are yet unknown to the public.
